Theft (i) Transit from Premier Inn, (ii) front number plate from car in Leyland Close, (iii) pedal cycle from yard in Walker Street.

Members were concerned at the increase in crime numbers and would like a reason for this, and if extra policing or a Street Safe scheme was a possibility throughout the village and the Play Park. (Action Janet)

3. Masterplan Updates – Community Development Officer and Project Leaders:

Highways: Limestone Linx cycle project - It was agreed to find out more information at the meeting on 27 July.

Proposed 'Cape' site plans – It was agreed to object to the layout as it would hinder the construction of an effective and functional road for Bowburn and the Industrial Estate; as it would create 'desire lines' and unsafe crossing points; attach a condition to ensure that the drainage plans do not adversely affect the construction of an Industrial Highway. (Action Janet)

Minibus Training – The cost of training is now £1089.75, and the next medicals take place on 19 August.

Parkhill: Julie Anson reported on behalf of P Henderson that the consultation for the Community Room has concluded but is not conclusive, and a further report is being prepared for September.

JA will investigate the difficulties being experienced.

(Action J Anson)

Heritage Room: A security cupboard will be installed this week in preparation for the opening of the room.

Community Centre: DESCO is the consultant for the heating and electrics and their outline specs and costs will be discussed by the committee on 22 July, with a view to works starting in October.

Funding: Julie Anson reported that the centre will register with ENTRUST to apply for funding from Biffa.

Co Durham Foundation has limited funding to £1000 and a new application will apply for one item for the kitchen.

Esh Charitable Trust has suspended funding – a disappointing loss of possibly £30 000.00.

Youth Centre: £5000.00 has been granted from Sherburn Hospital, and further funding is expected. Work will start in August.

Church: Maureen Robinson reported that Hendersons had given a quote for the sliding door gear and had recommended a joiner. A structural engineer will give advice about hanging the doors this week.

Centenary – Bowburn School: The Birthday Celebrations and Centenary Garden, partly funded by the Community Chest, were celebrated on 10 July and opened by Cllr B Myers. The weather was kind and the party was well attended. The children enjoyed themselves throughout the day.

Unadopted Roads: An email from Dave Wafer seemed to suggest that the Equity Share scheme was no further forward since the report from David Warburton and Anna Tankerville in November 2008.

Park Project: Tenders for Phase 11 are due by 12 noon on 22 July. K Haigh and M Ridley will attend the meeting to officially open the tenders at 2.00pm on 22 July. If one of the tenders is acceptable, work on the drainage, lighting and CCTV will start in August. The bottom path in the Rec will be tidied up to an acceptable state.

A member asked about the method and costs of drainage in the park.

It was said that holding tanks will be used to control the flow of water.

Bins and benches will be installed in the sensory garden as soon as possible. The 'garden' has now been tidied.

A member was impressed with the work done on the Sensory Garden but weeds were coming through again.

There is now a *temporary* footpath to Beaumont Close.

Unfortunately the £200 000 funding expected from the Football Foundation has been reduced to £175 000, and plans may have to be scaled down for Phase 11. A Park Working Group will be re-instated in August.

It was agreed to permit a change of ownership of the Container purchased from the Community Chest by the Pigeon Club to Bowburn Youth FC when:

(i) The Pigeon Club makes an official handover of the Container to Bowburn Youth;

(ii) Bowburn Youth FC agree to pay for Moving and Maintaining the Container, also if and when Bowburn Youth FC had no further use of the container it would be donated to an agreed owner in the Area of Benefit. (Action Janet)

Environment and URRI:

> Durham Road: Work is due to start this week at the Cooperage and opposite on Durham Road West to the paper shop. The crossing point will move slightly downhill.

Bollards will be placed where broken paving shows overrun on the footpath and in front of the Cooperage.

Julie agreed to investigate the fixture of a bollard at the bottom of Durham Road to stop parking on the pavement.

> Works have started on the Somals/China Delight car park using the remaining funds from the Co-op with the addition of £2000 from Cllrs Blakey and Williams.

It was reported that the owners of the properties are delighted that the work is taking place.

> Ogden's site: Cllr Blakey expressed an interest in this topic.

Peter Herbert, planning officer, has confirmed that an increase in floor space for a supermarket has been agreed, and outline planning consent is in place. There are potential operators but names are not known.

Julie affirmed that P Herbert is in favour of these proposals.

Julie was thanked for her attendance, and left the meeting.
