2. P.C. Cockburn: Please find below the stats since the last meeting.

PARKHILL 2 Car Theft: CASSOP 1 Burglary; 1 Assault; 1 Theft: BOWBURN 3 Burglaries; 11 Theft – 4 Car, 3 lead (5 arrested with no further action, but these crimes have lessened), 2 garden and 2 retail premises; 2 Assaults; 5 Criminal Damage.

It was reported that a Sunderland man, who has been arrested, has admitted to 67 different offences of theft from vehicles, which included those in Parkhill and Bowburn, see below. PC Cockburn is to work a later shift pattern on Friday and Saturday evenings, but hopes that his work in the Bowburn area will not be reduced on those evenings. The CPSO's are aware of Youth Nuisance and the fact that they can and do acquire alcohol as in other areas of County Durham. The CPSOs have also used the Speedwatch units on: Tail-upon-End Lane over a 2 hour period and detected 18 speeding cars out of 68 vehicles; Durham Road found 10 speeding vehicles; but Prince Charles Avenue had no speeding traffic. The detection is followed up with the registered keeper being sent a warning letter with the hope that education is more effective than prosecution, but 2/3 warning letters could lead to prosecution.

The secretary informed the meeting that the Partnership is buying 2 Speedwatch Units on behalf of the AAP area.

PC Cockburn was thanked for his attendance on his day off, and he left the meeting at 6.50pm.

3. Masterplan Updates – Economic Regeneration Team Leader and Project Leaders:

An Open Event is planned for 1 October when the refurbishment of the Centre will be celebrated along with the groups using the Centre who will display their achievements; Also the Parish Plan will be on show that day.

Report from Joanne Eden: The club opens 4 evenings a week, which includes Friday 4pm to 6pm - Mixed session. All sessions are well attended with young people taking part in a variety of activities including – Circuit training, weights and gym session, cooking, fundraising, arts and crafts, drug and alcohol awareness, and using the equipment available - badminton, football, pool, bar football, Nintendo Wii, play station, IT room, and table tennis. (vi) Unadopted Roads: The group continues to fundraise and lobby the County Council to set up an Equity Share scheme. Officers will meet with Julie to discuss future plans.

(vii) Park Project: Trees have been cut back on the path to the school because they overhang the lights. Flooding problems at the back of Broadmeadows will stop when the path is put back to its 'old' level. New dog waste bins will be put in the top park. Work starts on the football pitch on 21 June with the removed soil going on the bottom park to cover stony areas and to level the small football pitch. Protective boards still need to be removed.

(viii) Environment and URR!: The AAP lighting projects in Parkhill and Bowburn have had a conditional offer of funding. A village sign, funded by Cllr Blakey, is to be put on the C12a at the motorway bridge next to the entrance to Heugh Hall Farm. The missing bollard, and reflectors on the new bollards in Durham Road are classed as 'snagging problems' and should be put in place.

(xi) Future Plans of Bowburn & Parkhill Community Partnership (B&PCP)

Members took decisions on the following suggestions from the meeting of the Trustees on 1 June.

Traffic and Transport

\ Investigate potential for Western Bypass around Bowburn village: Route recognised by Council.

>To lobby to keep this route in the county plans, and see if it is possible to construct the route in Phases. Approved

\ Provision of off-street parking throughout the residential areas within Bowburn and Parkhill: Some parking areas achieved but not all eg Crowtrees Lane, Robert Terrace, and colliery streets.

>To update parking issues; liaise with local councillors and County on possible parking projects. Approved

X Improve traffic flow through Bowburn on A177: It was felt that the A688 link road had reduced some problems of blockages on the A177.

> To keep this item on review because of the future developments on the former Cape site and the possible Supermarket on the Ogden's site where all exits are on the A177, and the Business Park. Approved

> To forward concerns that the junctions in the middle of Durham Road West are blind spots. Approved

>> To hand over Traffic & Transport issues to the Highways group and report back to the main meetings. Approved

Environment

X Improve landscaping to perimeter of village: Durham Rd improved by the URRI scheme.

- > To bid for URRI monies or other grants to complete the pavement on Durham Road West. Approved
- > To follow up the offer from G Woodcock, Esh, of a piece of artwork - as a possible village entrance sign. Approved
- > To identify Green Belt land within and around the village with a view to its protection from development and improvement environmentally. Approved

✓ Identify new uses for empty part of the Co-op building: Winwood & Ridley opened a bookies.

It was said that the upstairs of the Co-op building is in a very poor condition.

✓ Clean up village and main road: Parish litter picks involve parish councillors and young people.

It was felt that the £10 disposal charge encourages litter such as furniture to be left on the roadside.

- > To inform the County Council of fly-tipping which may be as a result of the £10.20 charge for six items AND advertise the availability of the free permit system. Approved

✓ Improve street lighting throughout the village: Environment Group provided a programme to update lighting.

- > To apply for funding to continue the lighting scheme from Broadmeadows to Tail-upon-End Lane AND other outstanding lighting and footpath schemes. Approved

Social and Community – Young People

X One Year Programme of Youth Outreach Projects:- To do

X Youth Project to involve 11 to 13 year olds in new activities:- To do

X Provision of a Meeting Place for young people:- Pursue Youth Shelter which has been successful at Parkhill.

X Provide additional Youthwork sessions over 2 years:- To Do

- > To contact the young people to find out what they want, through the Youth Club, FCs and Schools. Approved

Social and Community – Sports and Pastimes

✓ Provision of specialist equipment for local Sports Clubs and Groups: Provided by Community Chest.

- > To seek grants to fund another Community Chest. Approved

Housing

✓ Integrate new housing into existing structure: Agencies have provided new housing with some integration.

- > To keep up to date with planning applications through the parish and county councillors. Approved

X Investigate the potential for housing improvement grants in the conservation area:

- > To make enquiries about grants to improve the houses in the 'Colliery Rows', and liaise with councillors. There are currently no County Council grants available for improvements.

Jobs and Employment

X Information on local availability of jobs:

- > To investigate publicising job vacancies from local businesses in the Interchange and on the website. Approved

X Provision of Transport to Employment:

- ✓ Partly provided by the Limestone Linx cycle way.

The next stage is to consider how to prioritise and carry out these suggestions.

a) The provision of a circular path during the works, which was a very important matter for residents.

b) The current position with the planning application - Claire Teasdale from the County stated that they had asked a number of questions to clarify the application and were still awaiting a reply. The quarry had agreed an extension of time for determining the application until the end of July but this was now unlikely now.

c) Generally problems, such as the conflict where quarry traffic and the public met at the quarry entrance had been resolved but needs to be kept under review. Highway issues had improved since the opening of the A688.

> Football Teams:

Bowburn FC: Gary Hutchinson – The field is being renewed, see Item 3(vii) Park, and pitches are still to be allocated for next season.

Bowburn Youth: Martin Ridley – The local schools have agreed in principle for the young players to play on their fields until the new pitch is ready. The U8's won the Coxhoe Tournament and other Bowburn Youth teams did well. At the AGM, Joanne Ridley was voted as secretary. The club has 120 members who have decided to play in lime green and blue strips; the new badge is being designed by local schoolchildren.

Arrangements are being made for the opening of the new pitch in 2011 when it is hoped that the 'Robbie Jones' charity match will be played on that day.
