The group has just been informed of the good news that the rest of the allocation of Regeneration monies amounting to £118 882.00 is available.

So now prices are being obtained for the top priority to re-roof the main hall and the back of the building, followed by an upgrade of the front door and the grounds at the front of the building.

To comply with new regulations there will be LED lighting units of 16w. In future it is hoped that the C12a will be allocated a lower speed limit - discussions are on going.  
Works to upgrade the Parkhill footpath and install lighting is under discussion with D Wilcox.

At this meeting a member of the Parkhill Residents' Group said the group had no objections to lighting the path.

AAP funding to publish a welcome pack has been spent on a duplex printer, publisher, Word 2010 and a toner cartridge. Janet has discussed an ICT course with New College using the 'Training Budget'. 12 students are needed, otherwise we would be paying full price for the numbers that fall short of the twelve.

i) Parish Council: 1) The Parish was briefed by the Chair of the Parish and Town Council sub-Committee of the County Council Standards Committee about anticipated changes to Local Authority standards procedures: it seems that if the Localism Bill becomes law there will be no statutory requirement for a Code of Conduct for local councils (including parishes).

2) In accordance with police advice following several break-ins at garages on the "Group site" (between Community Centre and Medical Centre) the Parish is seeking quotations for fencing of the whole site, with lockable gates at each end.

3) In view of the current financial situation the Parish council has agreed to keep its precept (money raised from Council Taxpayers) at the same level as last year. Garage and allotment rents will also be kept to last year's levels.

The next meeting is on 20 April at 7pm in Bowburn Community Centre.

ii) County Durham Plan and Big Society: *Minerals:* Pitlington is not a strategic site for open cast mining but a planning application for the area has now been received (*note – there are 2 sites mentioned at Pitlington in the Minerals Plan – RC is not sure which one the current application relates to*). It was agreed to note this, while

accepting that traffic was more likely to travel towards the A690 we should consider a condition of restricting mine traffic on the A688 should it travel towards Bowburn – if the scheme was given permission.

The planning Policy Team have been advised that the coal would be transported to the A690 and then to Junction 62 of the A1(M).

Flooding: RC had attended a flooding meeting, 'Floods and SUDS' where he asked how important flooding is in planning applications and was told that it was becoming more and more important. The Environment Agency is responsible for main rivers and the coast; the local lead flood authority in our area is Durham County Council. He also asked where organisations fitted into the overall plan – and was told that this is being worked on.

RC thought it was worth finding out if there is a Wear Rivers Trust similar to the Tyne Rivers Trust which fund raises to improve the environment of the River Tyne and its tributaries. **(Action Janet)**

iii) Quarry Liaison Committee: If the planning application relating to cold Knuckles Quarry is approved there will have to be an order to stop up the existing bridle path. If the shorter alternative route is opposed the issue would have to go to the Secretary of State.

Church: Nothing to report.

Football Teams:

>Bowburn Youth: (M Ridley) The pitch will be inspected shortly with a view to training after Easter. Casual players have been asked to stop playing during this closed season and join the local teams.

>Bowburn Cooperage: (G Hutchinson) The team lost a game to a premier division team that would have taken them into the ¼ finals of a major cup, despite leading twice. The team is still looking for a manager. They are hoping to bring the first players from Bowburn Youth into the club which is good for the future of the adult team.
